PROFESSIONAL SUMMARY

I am a knowledgeable and skilled software development professional offering advanced abilities in a wide range of programming languages, including HTML, CSS, JavaScript, PHP. I quickly understand requirements for new systems and create robust code. I am familiar with testing, debugging, and correcting problems found in existing software systems.

EDUCATION

B.Tech, Computer Engineering

College Of Technology, University of Buea, Cameroon.

2020 - 2023

High School diploma, Cameroon GCE Advanced Level, Science

Government Bilingual Practising High School, Yaounde, Cameroon.

Year of completion: 2020

CGPA 7.20/10

SKILLS

Bug troubleshooting, debug software

Produce clean code

Evaluate user requirements

Easily learn and comprehend concepts

Gather requirements

Problem-solving

Creative thinking

Planning

Write programs

Design content

PROGRAMMING LANGUAGES/FRAMEWORKS DBMS

HTML

CSS

CSS Frameworks: Bulma, Tailwind

JavaScript (React Js, Express Js)

JQuery

React Native

PHP

MySQL

MongoDB

EXPERIENCE

Mr. Ache F., Mobile App Developer Intern
Remote, Cameroon - Feb 2023 - July 2023.

- Employed react native to design applications.
- Improved coding of JavaScript and CSS to enhance user experience and functionality.
- Participated in design and code reviews to gain knowledge of applications and development processes.
- Corrected errors in software to fix performance issues and improve usability.
- Continuously studied and improved abilities with a wide range of design tools, and programming practices.
- Practiced daily standup meetings with development team.

Mr. Takow Carvin A.T., Software Developer Intern
Buea, South West, Cameroon - Jul 2022 - Sep 2022.

- Learned correct tools and processes for different types of development to minimize errors and achieve coding goals.
- Coordinated documentation of development processes and software updates.
- Tracked and communicated defects to help resolve problems.
- Worked closely with development team to implement coding changes and troubleshoot bugs.
- Partnered with senior engineers to apply Agile development methodologies to prototype development tasks.
- Worked with engineering teams to define project scope and understand planning process.
- Collaborated across teams to solve technical and non-technical challenges.
- Participated in design and code reviews to gain knowledge of applications and development processes.
- Corrected errors in software to fix performance issues and improve usability.
- Conducted both functional and non-functional testing to verify aspects such as reliability, performance, and usability.
- Collected and defined customer requirements to create successful systems meeting the unique needs of each client.

Mr. Franklin Fotang, Web Developer Intern
Buea, South West, Cameroon - Aug 2021 - Sep 2021.

- Employed programming languages to design both front-end and back-end assets.
- Integrated e-commerce strategies into client websites to meet business demands.
- Improved coding of JavaScript and CSS to enhance user experience and functionality.

- Continuously studied and improved abilities with a wide range of web technologies, design tools, and programming practices.
